

SPA TECHNIQUE FIRE SUPPRESSION RECERTIFICATION

TO RECERTIFY YOUR SPA FIRE SUPPRESSION SYSTEM:

1. Print this form. Fill out your contact information so we can reach you.
2. If you would like to drop off and wait for us to recertify your system, please call us at 905-685-7223 to book an approx. day or time in which you plan to come in, so we can be prepared and ensure a qualified person is on site.
3. If not dropping off, ship your fire suppression system to us at 117 Cushman Road, St.Catharines, Ontario L2M 6S9. **For shipping, please place an AN6 cap or shipping plug on your system and wire tie the valve in the off position. Also, be sure to package the head of the bottle as securely as possible to prevent the system from going off in shipping. Package handlers are not careful when handling packages and we cannot be responsible for systems set off in shipping.**
3. For those shipping your fire suppression system to us, we will contact you via the phone number or
